Subject: Open-Source Report: (U) IL Activates State Emergency Operations Center To Monitor Chemical Plant Fire In Rockton As Evacuations Expand To 2-Mile Radius; National Guard Deploying, IEMA Activates REAC To Establish Air Monitoring--MMC IOI #20210614-13

All,

Just passing along updates as I get them. I am working with the PSD this week in NC so my apologies if something is delayed.

General Distribution

The below information summarizes emerging open source reporting that has not been corroborated by official government sources. It is provided to rapidly enhance situational awareness on items of interest to the homeland security enterprise.

Location(s): Rockton, IL, United States

NOC Number: NOC 0855-21 [Chemical Plant Fire - Rockton, IL]

- Illinois has activated its State Emergency Operations Center to mobilize emergency response personnel and operational facilities to monitor a large chemical fire in Rockton, media reported Monday
 - The Illinois Environmental Protection Agency and Illinois Emergency Management Agency (IEMA) dispatched crews to the area to assist local jurisdictions to expedite assistance and resources
 - Members of the Illinois National Guard and mobile response vehicles have been dispatched to the area
 - Residents within a two-mile radius of the Rockton facility have been evacuated, according to the governor's office
 - People are encouraged to seek shelter at Roscoe Middle School
 - IEMA has activated its Radiological Emergency Assessment Center (REAC) and the Illinois National Guard Civil Support Team to establish air monitoring to validate plume modeling
